Memberships

The VA does not allow payment of Membership dues or fees on behalf of professional staff. In line with this policy the VA's implementing regulations for Research Foundations, such as LLVARE, states that: "17.05, 2.d. Licensure and Continuing Education. Routine professional licenses, **fees and memberships for VA employees may not** be paid by the Corporation. Corporation funds may be used to pay for attendance at continuing education or professional organization activities provided that attendance is for a purpose directly related to any peer reviewed, approved research activity. Licenses for qualified individuals who do not work for VA, but work exclusively for the corporation, may be paid by the Corporation if such payment can be related to support of the VA research mission. The Corporation may pay for publications that further any peer reviewed approved research activity."

LLVARE is allowed to pay membership fee or dues when the membership is **required** in order to receive publications directly related to an area of research or **required** in order to attend meetings directly related to a particular research project.

Please check the applicable justification for LLVARE's payment of membership dues:

Required in order to receive publications directly related to an area of research _____

Required in order to attend a meeting directly related to my research project _____
